To my friends and the public generally I would relate may anost grateful thanks for the liberal patronage extended to the late from of H. & R., and would kindly solicit its continuance, as also an examination of my sloat by those who have not hereto for patronized the bouse.

It is permanently incated here, and expect to make friends and contourers by fair dealing.

Children sent to my store for anything will be walled up as shot the same price clarged as if their parents exist themselves.

JUST RECRIVED

toth alike, which cannot be unraveled or pulled

cloth ailte, which cannot be unrayeled or pulled out.

They are all made with the highest mechanical skill and all warranted to work well on all kinds of gorTrains will easier the consequence of the work well on all kinds of gorTrains will easie the consequence of the work well on all kinds of gorTrains will easie the consequence of the working machine. It has been manufactured expressly for family use, and has net with favor room all. It is so simplified as to render it impossible to get out of order, or derange its operations; indeed it is so simple as to astonlab one, that so small a place of mechanism will sew.

Below we give a description of the differentiatyles of the Weel Patent.

NO. 1. Pavery convenient style which can be worked by hand or force, one of its own table. For convenience of shipping and also for large manufacturing where it is measured to place a number of them all. Frice 300.

NO. 2. Sume nine as NO 2, but runs with a beit NO. 3. Same nine as NO 2, but runs with a beit of the state of the state

Sign of the best machine now in market for \$280.6. This is a machine got up on an entirely new principle, different from anything ever before officed to the public, and we considered to the public and tasty, runs very rapidly, is aimost aniseless in its operation, and uses a stranger entries and tasty, runs very rapidly, is aimost aniseless in its operation, and uses a stranger entries at the search of the public prosection of the public process. It has a tension on both sides, and carries at large simply of thread on the under spool. The motions are gained by two small cranks that run without perceptible noise. The two threads are worked insuch a mannerse never to pull both at the same time, and consequently, little insite to break. The seam is very clastic and the thread does not break in washing. It will do course work better than anythesp asseline now in market, as it uses silk, cotton, or timen with qual facility. Price \$60 peetriptive Circulars furnished grafts.

N. OHMER

NO MORE EXPLOSIONS!

Greenough's Carbonic Acid Cas Non-Explosive Burning Fluid! HAVING MADE ARRANGEMENTS A with Prof. B. F. GREENOVON, of Bo ston, (the original inventor of Camphene and Burat ng Fluid,) for the equivalve right to manufacture and sell the NON EXPLOSIVE BURNING FLUID, MON EXPLOSIVE BURNING FI. UID.

In Dayton and Montgomery county, I am now prepared to offer it to the public. Having seen and made agreat variety of the most dangerous experiments with the Fluid, I am fully assured that It may be used with PERFECT SAFETY and without the slightest possibility of accident, and will not explode under any ordinary use of Burning Finid. I have fully tested its merits in presence of all of our best Chemista, and many cilicons. All pronounce it of the utmost importance to every family as a safe and irrilinant Light.

It is used in the same Lamps as the common Finid, and although a little more expensive in the man facture, will be sold at a cory slight advance over-common Finid.

NEW WARE ROOMS!
Cor. Main and 4th sts.

Plain and Fashionable

as mout or power, and make as good a quality of flour, as any Mill now unanufactured. Proprietors of show Mills, sepacially those that use steam, would find it to their advantage to purchase one of those Mills, for the purpose of door weatons grinding—either wheat, corn or ather train. The Mill will be sold with or without the bolt. The principle of the Mill is equally applicable to the construction of large Merchant Mills, and persons about to builtin, would own! to call and examine.

We will also furnish with the Mills, Boiting Recis of any size and examine.

Order respectfully solving.
